## NDG&F Annual Banquet

The 2015 annual volunteer banquet was held in Minot, ND this year at the Holiday Inn Riverside

NDG&F Annual Banquet

### In This Issue

- NDG&F Banquet
- Hunter Ed Academy
- Dale Kilwein Run
- Raffle Tickets
- Get your caps!

## First Ever Hunter Ed Academy

NDG&F presented their first ever academy for hunter education instructors at the Woodland Resort in Devils Lake.

There were more than 50 instructors from across the state in attendance for the two and a half day event.

Instruction included new and improved ways to reach your students, how to handle different problems, the new field day course and more.

Everyone that completed the second day of NRA RSO training, can now be certified as an official NRA range safety officer!

The accommodations were great. Consensus was everyone had a great time learning, eating, and getting to know other hunter education instructors.

## **BIG GAME HUNTING APPLICATION DEADLINES: 2015**

**New Newsletter Designer**

**My name is Ross Reimche and I have been a Hunter Ed instructor since 2006, but was helping out many years before that.**

**I am the district 3 rep for NDHEA and excited to see kids getting involved in hunting, shooting, and fishing.**

**I am also a 4-H shooting sports instructor in archery, air rifle, and shotgun.**

**In a former profession, I worked with computers and did newsletter for a couple of different agencies, and am happy to lend a hand here!**

**Please send in your articles and information so that it can be shared with oth-**

This is to announce the first ever half marathon to be held in Dickinson! As some of you may know, Dale Kilwein passed away in May of 2014.

Dale was born and raised in Dickinson and was co-owner of B&K Electric. He was very well known in the community, contributed to many organizations and events. He was the lead instructor of the Hunter Safety program in Dickinson for 36 years and was the Region 9 Representative for the ND Hunter Education Association.

He had a true passion for his work but most importantly for the Hunter Education program. Over the years he struggled to have a place to hold classes. A memorial account has been set up at Bank of the West. With the funds we are going to build a facility to hold hunter safety classes in and the opportunity for other local organizations to use. There is a great start in the account, but it is not enough to build a facility. The proceeds raised from the races will go into the account for the construction of the educational building.

The planned events will include a kids race, family 5k, half marathon and half-marathon relay; the runs will have a hunting theme and take place on the Crooked Crane Trail around Patterson Lake. We are looking to make this an annual event and huge success with your help! We are hoping to have 400+ participants and visitors to participate and help to make our Memorial Run a huge success. Please mark this on your calendar and plan on joining us to bring Dales dream to provide Hunters Education to all persons.

If you have any questions, would like to volunteer your help with the event or assist with the fund raising or provide a personal or corporate sponsorship, please contact: Crystal @ 701-290-5728.

NDHEA is proud to announce the inaugural Dale Kilwein half marathon to be held in Dickinson August 24th and 25th 2015. Dale's family is helping to continue promoting Dales passion with education for all persons with their attempt to raise funds to build a Hunters Education Center in Dickinson ND. NDHEA is proud to be able to assist in this endeavor and ask all interested persons to read the flyer supplied by his daughter Crystal and consider participating in this goal by running, helping, donating, sponsoring or just coming to Dickinson for the fun and games.

# Orange saves lives!

NDHEA began cap sales as a way to fund the organization and also to provide something special to give to student, or allow them to purchase. The membership had a logo designed for the cap quite a number of years ago and it is still used today on the hunter orange ball cap made available. The camo caps were discontinued many years ago in the name of safety first.

Cap cost is \$10.00 each and you can reduce the price by placing orders of 24 or more at one time. In that quantity they are 24 for \$192 and \$8 for each additional cap. While some instructors take cap orders during class, others seek donations and sponsorships to purchase them for graduating students.

I can usually ship caps within 24 hours of your order but at times the supply may get low and it could take several weeks. Help your NDHEA with a cap purchase for your next class. Place your order with a phone call to 701-952-2680, cell 390-4001 or send an email to [roc1949us@yahoo.com](mailto:roc1949us@yahoo.com).
